Introducing Rugby to Students

Elementary School Three Day Plan

Before the Training :

Before leading your Rookie Rugby class for any age, prepare with the following:

- Familiarize yourself with the Rookie Rugby Games and Activities that you will be teaching that day. Bringing a cheat sheet will help keep your session moving and make sure you hit all the key points.
- Make sure to have enough rugby balls to successfully teach the number of students in each class. One ball per five kids is suggested.
- Size 3 or 4 rugby balls are preferred for this age group.
- Class length and number of students will dictate your program.
- If you have rugby gear, be sure to wear it.
- Print out information for the kids to take home on how they can participate in rugby.

Class Session:

Introduction of the history of rugby:

- Bring the students together and introduce the history of rugby for no longer than 3 minutes. Keep a rugby ball in your hand for the introduction. Engage by asking questions.
 1. "Does anyone know which country invented rugby?" - England
 2. "Rugby was invented when a boy playing soccer, picked up the ball and began to run with it. A player from the other team decided to tackle him. That is how rugby was invented."
 3. "Rugby came over to America in the early 1800's. It was played on college campuses all across America. In the early 1900's they started to change the rules. After a bunch of rule changes football was the new sport."
 4. Recap: "What country invented rugby?", "What sport did rugby come from?". "What sport came from rugby?"

Introduce the game:

- First introduce the ball - "It is fatter than a football and more pointy than a soccer ball. Everyone gets a chance to carry it, pass, catch and score in rugby."
- Introduce the catch - "Catching the rugby ball is a fun challenge. Everyone hold your hands up in front of your chest, with your thumbs together and fingers spread wide, forming a 'W'. This means you are ready to catch the ball. We only want to pass to players with their W's up, ready to catch the ball."
- Introduce the pass and have a volunteer help you - "In rugby we pass across our bodies. This pass is an underhand pass similar to scooping or shoveling (demonstrate). Football passes (demonstrate) and basketball passes (demonstrate) are not allowed in rugby."

Get them moving:

- Immediately get them up and moving with your relay races.
- Progress through games and make sure to ask core questions to the group.
- Focus on keeping them moving.

★ SKILL CARD

--> SKILL: Receiving the Pass

OBJECTIVE:

SUGGESTED TIME ALLOCATION: 5–10 minutes

To have players maintain the continuity of play by receiving a pass from their teammate and continuing forward.

WHAT TO COACH:

Learning how to properly catch a rugby ball is very important for player safety and to keep the continuity of the game.

Step 1: Show players how to properly catch a rugby ball.

- Form the letter “W” with both hands by placing thumbs together and spreading fingers wide.
- Keep your eye on the ball all the way from the thrower to your hands.
- Catch the ball with both hands while keeping the “W” shape.
- Tuck the ball close to your body near your stomach and run forward keeping the ball in both hands.

SKILL CARD

WHAT TO COACH:

Step 2: Have players practice with a partner by forming two lines across from each other and work on receiving the ball in a stationary position. Start players closer together before having them spread apart to make the passes more difficult.

Step 3: Have players advance from a stationary position by walking, jogging, and running from one end of the field to the other, completing 10-20 passes each. Help players individually work on receiving the ball correctly.

COACHING NOTES

SKILL PROGRESSIONS

1. Have players work on receiving the ball from different directions. Form a circle around one player and provide each player in the circle a ball. Call out different players to pass to the person in the center.
2. Allow players to work on receiving different types of passes. Have players start five yards apart receiving pop passes and then work up to about eight yards apart receiving a spin pass.

CHECK AND CORRECT

1. Make sure players always move forward after receiving the ball.
2. Make sure players are forming the letter “W” with their hands, away from their chest.
3. Always have players call for the ball, even when practicing.

★ SKILL CARD

--> SKILL: Basic Pass

OBJECTIVE:

To have players maintain continuity of play by passing to a teammate in a better position.

SUGGESTED TIME

ALLOCATION:

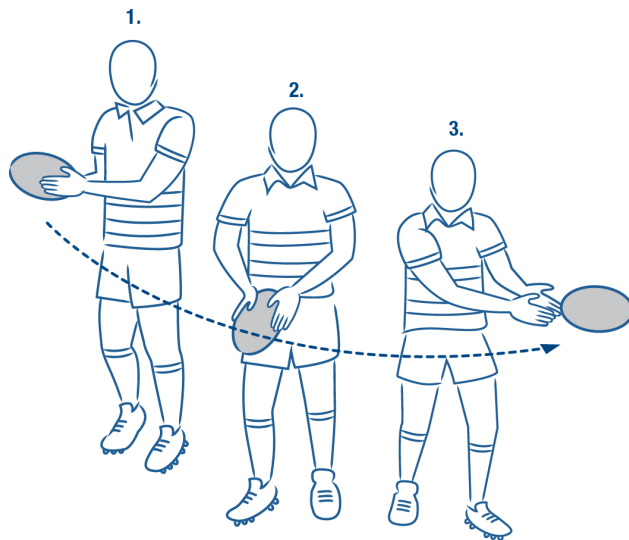

5–10 minutes

WHAT TO COACH:

It is important for players to remember a few simple rules to effectively pass a rugby ball during play. Once practiced enough, these rules should become second nature and players will be able to perform a basic pass easily.

Step 1: Show players what a basic pass looks like:

- Run straight
- Hold the ball with both hands
- Look at the receiver
- Pass at chest height in front of the receiver
- Be sure the pass is made laterally or backwards
- Complete the pass and follow through by pointing hands at the receiver

more on back...

WHAT TO COACH:

Step 2: Have players practice with a partner by forming two lines across from each other and passing in stationary positions. Start with a short distance between players. Increase the distance between lines to make it more challenging.

Step 3: Have players practice the basic pass in small groups of 2-6 players going from one end of a grid to the other, completing 10-20 passes each. Help players individually learn how to pass by correcting their form.

COACHING NOTES

SKILL PROGRESSIONS

1. Have players work on different types of passes in the passing line that they have learned (i.e. pop pass).
2. Make exercises dynamic by incorporating running with passing.
3. Increase the distance passed.

CHECK AND CORRECT

1. Make sure every player passes with two hands on the ball.
2. Ensure that players pick a target area before making any pass. They should be looking at their receiver and know where the ball is going before they pass.
3. Make sure players are following through with their arms when they pass, pointing at the receiver.
4. Make sure their arms are straight when they follow through.

★ GAME CARD

→ GAME: Relay Races

SUGGESTED TIME ALLOCATION:

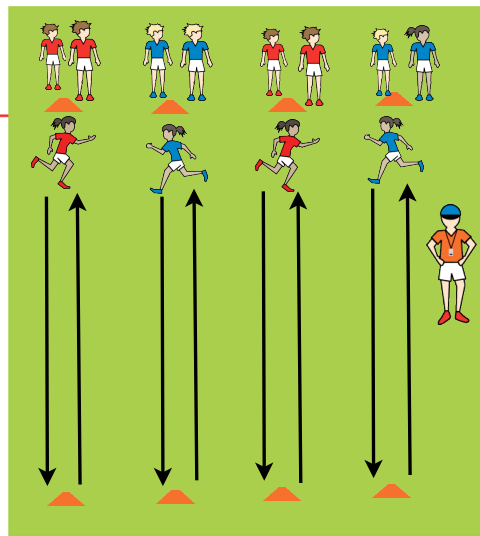

5-10 minutes or four different relays

PRINCIPLES OF PLAY:

- Apply Pressure
- Score Points
- Contest Possession
- Go Forward
- Provide Support
- Create Continuity

HOW TO PLAY:

1. Start by separating players into equal relay teams of two or more and have them stand in line behind a cone.
2. Make the first race a simple down and back with a rugby ball in hand, passing to the next player in line on the way back. Be sure to instruct on proper passing and catching techniques prior.
3. Next, have players ground the ball and yell "Try!" when they get to the far cone. Have them run back and pass to the next player in line.
4. The next race should have two players from a team race down and back,

3. Once players can get around the circle, make the game harder by adding a time limit.
4. After the time limit, play a game of standing “Duck, Duck, Goose” with the circle. Instead of the tagger running away from the “Goose”, have

GAME CARD

HOW TO PLAY:

the two players switch places and have the “Goose” race a ball being passed around the circle.

- Choose a tagger to walk around the circle clockwise with a rugby ball playing “Duck, Duck, Goose”. Once the tagger chooses a “Goose”, the “Goose” will start running around the circle while the other players work to pass the ball around the circle.
